Message from the **PRESIDENT**

When we are **DRIVEN BY PASSION**, we are bound to inspire those seeking for **THE BEST**. On behalf of the Florida Academy of Cosmetic Dentistry Board of Directors and members, I am excited to personally invite you to the 2019 FACD Annual Scientific Session & Trade Show at the Hyatt Regency Grand Cypress in beautiful Orlando, Florida. It has taken 4 years to gather this epic line up of the most sought out keynote speakers in the world: **Nazariy Mykhaylyuk, DMD** from Ukraine, **Kyle Stanley, DDS** from Beverly Hills, CA, **Miladinov Milos, CDT**

from Romania and **Shannon Pace Brinker, CDA, CDD, ADA** from Virginia Beach, VA. This meeting will be focusing on the dramatic era of digital dentistry and the different approaches to elevate our modern dentistry. We are excited to offer a great Optional Thursday Hands-On Session: Shoot Like a Pro Photography and Full Digital Workflow by Miladinov Milos. On Friday, Dr. Mykhaylyuk will be continuing his lecture series on Full Digital Dentistry in full mouth reconstruction, implant surgery, digital laboratory communications and collaborations. Shannon Pace Brinker will be taking our dental teams to the next level with her lecture and hands-on participation on the "Aesthetic Dental Team." On Saturday, we will be bringing both doctors and team members together for Dr. Kyle Stanley's presentation on traditional smile design, DSD (Digital Smile Design), Surgical Aesthetics harmonizing both pink and white tissues, the Lip Factor, and concluding with new concepts of Orofacial Aesthetics and Facial Flow.

If you are a current FACD member, the scientific session is included as part of your membership. For new members who want to join our culture of learning, you find not only world class education from the leading educators in the world, but also a community of dedicated individuals whose purpose is to elevate your advancement in the art and science of cosmetic dentistry at a low price of \$1295. Plus, many more benefits to come as a proud FACD member.

The Florida Academy of Cosmetic Dentistry is one of the leading state cosmetic dentistry associations, the largest affiliate of the American Academy of Cosmetic Dentistry, and one of the largest state cosmetic dental meetings in the nation. The core culture of FACD is that all of our members are focused on being the best of the best. In doing so, we demand to have the best speakers and dental manufacturers to enhance our practices while maintaining high quality dentistry.

This is a not to miss epic scientific session for the entire team! Reserve your seat and hotel today before our limited seating is sold out! **BE A PART OF OUR CULTURE OF LEARNING! WE ARE THE FLORIDA ACADEMY OF COSMETIC DENTISTRY!**

See you on August 22-24, 2019.

Thomas T. Doan DMD

2019 President of the Florida Academy Of Cosmetic Dentistry

Call Spear Education today to join - 866-781-0072

TEAM MEMBER SESSION

FRIDAY, AUGUST 23

Esthetic Dental Team - A TEAM Approach to Predictable and Efficient Cosmetic Success

by Shannon Pace Brinker, CDA, CDD, ADA

This course is a must for the dental team who is ready to go to the next level. The changes in the marketplace require us to communicate with our patients differently. As clinical procedures in aesthetic dentistry continue to expand and improve, the role of the dental assistant has continued to evolve as well. It requires us to learn new Evidence Based Models that result in "Responsible Esthetics", learn to work with new next generation nanotechnology materials and have a higher level of combined communication with the dental team and patients. But mostly, it requires all members of the dental team to be aware of these new exciting times, and have the technical and verbal skills to build the practice of our dreams.

What You Will Learn...

- Become a total team – evolve listening skills, building a conservative "Responsible Esthetics" practice in your community to attract new patients
- NP Records, Digital Photography, Treatment Planning and Case Expectance
- Become more proficient with dental materials and reduce office stress
- Separate your practice from the competition; from the new patient exam through clinical procedures
- Learn how the Dentist – Auxiliary team can evolve and add new excitement in your dental practice
- Fabrication, cementation and polishing provisional's
- Tissue Isolation and Hemostatis techniques
- Selecting the proper Bleach materials; In Office and Take Home

DENTIST / TECHNICIAN SESSION

FRIDAY, AUGUST 23

Analogue vs. Digital Dentistry

by Dr. Nazariy Mykhaylyuk, DMD

Learning Objectives:

- M.Vision approach, philosophy.
- Patient analysis.
- Photo & video documentation.
- Treatment planning.
- Presentation for the patient.
- Importance of magnification.
- Loupes and microscopes in prosthetics.
- Full crown preparation protocol.
- Veneers/inlays preparation protocol.
- Provisional restorations.
- Ways and materials.
- Choice of final restoration material.
- Impression and precise model.
- Bonding protocol.
- Final documentation and cases analysis.

Throughout the years proper protocols were created by top world specialists. Then, microscopes and other magnification systems were introduced into a daily practice, and now it is difficult to imagine dentistry without them. Everything seemed completed. But no... Modern dentistry moves one. We are going digital.

- First visit.
- Scanning strategies.
- Initial scan Photo/video protocol for clinic/lab cooperation.
- 3D design.
- 3D printing technologies.
- Mock-up and case analysis.
- Pre-preparation scanning Preparation in digital workflow.
- After preparation scanning.
- Final restorations designing.
- Milling machines.
- 3D staining.
- Bonding procedures.

DENTIST / TECHNICIAN / TEAM MEMBER SESSION

SATURDAY, AUGUST 24

Modern Dentistry: From Design to Execution

by Dr. Kyle Stanley, DDS

This presentation will showcase the digital workflow and how to avoid problems by utilizing technology with a team approach. Participants will see how to use planning software to treatment plan restorative and implant cases in the esthetic zone and artificial intelligence to make predictive statistics into the future. Dr. Stanley will use this technology to try to reduce the stress in our dental practices. The Lip Factor concept will be introduced as a way to pre-plan cases and have great team synergy with our plastic surgery partners.

- Learn The Lip Factor concept
- Understand digital technology and how they can help our practices
- Learn the biggest problems in dentistry and how to avoid them and create less stress in our lives

ADRENALIZE AFTERPARTY WITH DJ JENKS

Friday, August 23

Adrenalize [uh-dreen-l-ahyz]

verb (used with object), ad·re·nal·ized, ad·re·nal·iz·ing.

¹ to stir to action; excite.

Get ready for a night of fun and dancing under the stars! Come to the Oak Terrace on Friday, August 23 from 8:00 p.m. – 10:00 p.m., to enjoy your favorite beverage and music from DJ Jenks. Dress to impress and enjoy all the excitement the night has to offer.

MODERN FITNESS FOR THE MODERN DENTAL TEAM

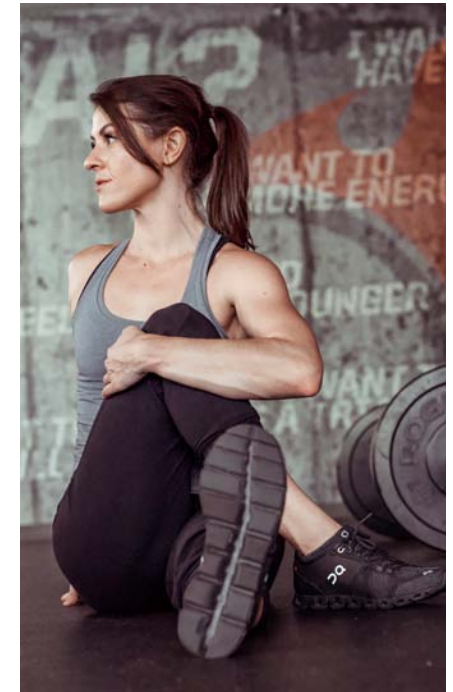

Friday, August 23 & Saturday, August 24

6:00 a.m. – 7:00 a.m.

Wake up with a total body workout and learn about how key exercises can not only strengthen and change your physique but can add quality years to your practice.

Learn the fundamentals of:

- Proper training to avoid common injuries due to poor ergonomics and posture at work
- How to become pain free from existing chronic injury
- Increasing your energy levels throughout even your busiest day
- Become sharper and clear minded on a day to day basis
- Key exercises to do when you just don't have time to get a workout in
- How exercise can create stronger decision-making skills in your practice

Liz Lowe BS CSCS is the owner of Scorch Fitness, a training gym in Sarasota, FL that specializes in workouts that can be modified for each person's goals, ability levels and injury history. Her workouts and advice can be seen in various publications such as Men's Fitness and Men's Journal and has worked with thousands of individuals of all levels to create workout programs that truly energize, create pain free range of motion, and increase overall health. Her mission is to show people that a fitness regime that truly fits your lifestyle can change more than just your body.
